### The Crutchley Family and the 1901 Census

As you will be aware, the 1901 population census for the entire British Isles is now available for public research.

I have made a preliminary search within the Bloxwich area, and already I have identified a number of ancestors previously unknown to me. The census has also provided further details about my great grandfather, James Ernest Crutchley, his occupation and whereabouts at that time.

Even after a search of the 1901 census, I am still unable to link the proprietors of Crutchley's General at 1 Alfred Street, Bloxwich, to my branch of the family.

Their lineage is traceable back to Great Wyrley, Staffordshire at the beginning of the 19<sup>th</sup> Century, to one Henry Crutchley. My ancestor William Crutchley was living close by at that time, but as yet, I have been unable to find a relationship between William and Henry.

Can you help ?

The lady in the photograph was called Nellie Crutchley (nee Starkey). She was married to Harry Crutchley who was the proprietor of the shop in Alfred Street.

The child is Freda Crutchley, who was born on February 9th 1910 in the rooms above the shop. Sadly, Freda died from Broncho Pnuemonia on February 26th 1914.
