Crutchley Genealogy Data

Largely thanks to data contributions made by visitors to the web site, the Crutchley family database has grown further still. Version 4.01 is now available for download.

There are now approximately 350 records in the database, at total that is growing on an almost daily basis.

Version 3.01 of my GEDCOM file is also now available. This file contains my entire family tree and can be viewed with almost any genealogy software.

If you would like to download a copy of the database or my GEDCOM file, which are both offered totally free of charge, visit the 'Downloads' section of the web site.

You will also need to sign my guest book or email me, to obtain the password to download the files.

Don't forget, your contributions to the database would be greatly appreciated.

ISSUE 2 OF THE 'HISTORY OF THE CRUTCHLEY FAMILY' NEWSLETTER IS FINALLY HERE !

Welcome to the second issue of my web site newsletter. Since the very first issue, back in February, the web site has developed a great deal and I have added a substantial amount of new data to the site.

I have continued with the research into the history and origins of my family and have unearthed new and interesting information, that I have since published on the web site.

Entries in the guest book at the web site have continued to be a rich source of new data about the Crutchley family around the globe. Thanks to those of you who have contributed, the web site is rapidly becoming a leading online resource for those researching the Crutchley surname.

Please keep you contributions coming, they are greatly appreciated.

Best regards, Gary S. Crutchley
